B.C.'S RATE CASE TO BE WELL HANDLED

Province's Interests Thoroughly Protected Oliver Tells Manufacturers

Mayor Taylor Plans New Move in Grain Fight; Interior Mines Ask Aid

British Columbia has assured itself of adequate protection when the Railway Board starts its nation-wide revision of freight rates, Premier Oliver told the British Columbia branch of the Canadian Manufacturers' Association to-day. The Association asked for an interview to discuss plans for presenting this Province's rate case to the Railway Board. Mr. Oliver replied that he had already instructed G. D. McGee, Government rate counsellor, to prepare representations to the Board and that in this way the Province had insured itself of an adequate presentation of its case.

The Premier suggested to the manufacturers that they talk these matters over with Mr. McGee, and if they were not satisfied then he would be glad to see them. Crow's Nest Pass coal companies are preparing now to throw their weight into the fight for lower western freight rates, it is understood here. These interests wrote to Premier Oliver to-day asking him to lay their claims before the Railway Board. They are forwarding facts and figures to the Premier now.

Mayor L. D. Taylor of Vancouver who has been making representations to Ottawa on the freight rate question, intends to press his arguments further. Mr. Taylor, who spent the day here, intimated that Ottawa would hear from him again in the course of the next few days. He is anxious to get Crow's Nest freight rates made effective on westward-moving grain by the time the Fall crops start to flow westward.

LEAGUE OF EMPIRE PARTY WELCOMED OFFICIALLY TO-DAY

Mrs. Ord Marshall and Noted Educationists Have Busy Day of Sightseeing

Many noted educationists of Great Britain, as well as the woman mayor of a city in Zululand, Africa, are included in the party of tourists which reached Victoria this morning in the course of a Dominion-wide tour. The visitors have made the trip under the auspices of the League of Empire and Mrs. E. M. Ord Marshall, secretary of that organization, accompanied them. On arrival from Vancouver the visitors were tendered a reception in the ballroom at the Empress Hotel, where representatives of the Victoria Teachers' Association and the University Women's Club greeted them. Official greetings were extended by Mayor Pendray and Chairman George Jay of the Board of School Trustees. Mrs. Ord Marshall introduced Mr. Charles Edward Brownrigg, headmaster of Magdalen College School since 1900, who graciously replied on behalf of the visitors. Associated with the response was Dr. F. L. Hoffman, the noted American scientist, who with his daughter, Miss Hoffman, was on the platform.

FLORAL GREETINGS

Floral greetings from the citizens of Victoria were conveyed to the party in the shape of fragrant bouquets of sweet peas and roses, presented by the Women's Auxiliary of the Royal Society of St. George, Mrs. (Concluded on page 1)

POSSIBLE VISIT BY BALDWIN TO CANADA IS NOW DISCUSSED

Ottawa, Aug. 12.—While it has been rumored Right Hon. Stanley Baldwin, Prime Minister of Great Britain, would visit Canada this Fall, it was learned definitely here to-day that no official intimation that he would come this year has yet been received. In the event of a general election in Canada this Fall it is improbable the British Premier would come here this year.

BUSY SCENES AT FAIR GROUND AS WORKMEN RUSH PREPARATIONS FOR OPENING DAY NEXT MONDAY

As the date draws near for the Provincial Fall Fair at the Willows, more workmen are being rushed out by exhibitors to get space prepared for the opening day Monday. The fair ground this week has been a scene of activity. Delivery wagons are arriving throughout the day with lumber to set up stalls and goods for display in the buildings. The grounds have all been cleaned up and the buildings renovated. It will be the best citizens' fair, according to the organizers, that Victoria has ever seen, and both President W. H. Munsie and Secretary W. H. Mearns express their appreciation of the cordial co-operation they have received on all sides.

VOLCANO BREAKS OUT ON ISLAND OF GREEK GROUP

Athens, Aug. 12.—A volcanic eruption on the island of Thira, in the Santorin group, seventy miles north of the island of Crete, is reported. The local authorities are panic-stricken and fearful it will end in a catastrophe. The Government has ordered naval vessels to the scene to give aid to the inhabitants of the island.

LIQUOR STORE IN ABBOTSFORD ROBBED TO-DAY

Abbotsford, B.C., Aug. 12.—Eleven cases of wine and whiskey were stolen early this morning from the Government liquor store here. Awakened by noise in the liquor store about 4 o'clock, a resident across the street notified the police that he had seen three men in the premises. The burglars had escaped, however, before the officers arrived on the scene. Abbotsford is three miles north of the United States border.

ESKIMOS SANG AT ETAH AND THEIR VOICES WERE HEARD BY RADIO LISTENERS IN U.S.

Chicago, Aug. 12.—Eskimos at Etah, Greenland, last night presented a musical programme by radio which was rebroadcast from Arlington Heights, a suburb, into Chicago by telephone and distinctly heard in the Chicago office of the Associated Press. The Eskimo programme was broadcast on a forty-metre wave length from Station WAP, aboard the steamer Fenby, a vessel of the Macmillan expedition, at Etah. It was received by Station 9XN. Through head positions at 9XN the programme was transmitted by telephone to the Chicago listeners. The reception was so clear that arrangements were made immediately to broadcast the rest of the programme to radio listeners throughout the country by rebroadcasting at 2 a.m. Eastern Time, on a higher wave length through Station WJAZ. A phonograph selection came through clearly while listeners here were informed the Eskimo quartette Imrou-Getook, Kanak, Nu-Kapingva and Ah-Kom-Ching-Wa, had rendered "The Song of Snow Bunting," "Song of the Raven" and "Song of the Fox." The voices were distinct but no one ventured an opinion on the enunciation.

EARTH SHOCKS IN CALIFORNIA AND MONTANA

Los Angeles, Aug. 12.—An earthquake shock, not heavy enough to be generally perceptible, occurred here about 6.15 o'clock this morning.

Helena, Mont., Aug. 12.—Helena and its vicinity were shaken at 3.30 this morning by a slight earthquake of about the same intensity as one last night at 7.50. No damage was reported.

Butte, Mont., Aug. 12.—Slight earthquake shocks were felt here at 7.40 last evening and 9.15 this morning. There was no damage.

RAINFALL IS GENERAL IN PROVINCE

Vancouver Island Receives Fair Share of Rain in Last Twelve Hours

Although but .05 of an inch of rain fell at Victoria and environs within the last twelve hours the rainfall was materially heavier at other points on the island, states Napier Denison, superintendent of the Dominion Meteorological Observatory here to-day. At Duncan and from there north to Nanaimo the rainfall was quite heavy and more than enough to have a great effect in lessening the fire danger at these points. Rain also fell at Vancouver, where heavy and continuous showers were experienced in the early hours of to-day. The rainfall has been general in light and varying intensity along the whole coast, reports Mr. Denison, and may extend in as far as Kamloops and the Kootenays. The last rain noted at Victoria was in the middle of July, and that was confined to light showers.

Thomas Smith, Old Prospector, Lost Life When Boat Capsized

Edmonton, Aug. 12.—Thomas Smith, an old Yukon prospector, was drowned recently and his fifteen-year-old daughter narrowly escaped death when their skin boat, in which they were descending the Liard River from Fort Liard in the Northwest Territories, capsized in Hell's Gate Rapids, according to word received here to-day.

FIFTEEN-YEAR-OLD DAUGHTER AFTER STRUGGLE MADE WAY TO CIVILIZATION

The girl, according to the report received, then fashioned a pair of oars with a saw which had not fallen out of the capsized craft, and finally reached civilization with a bundle of six skins, all that remained of the cargo with which she and her father had begun their journey.

EIGHT KILLED BY CHINESE GUARDS IN RIOT AT MILL

Tientsin, Aug. 12.—Eight persons were killed and fifty injured in the firing yesterday by Chinese guards into a crowd which had gathered at the scene of the previous day's rioting by striking mill workers. It is believed several persons were drowned when they jumped into the Kalsho River to escape the bullets of the police.

three-and-a-half-year-old son of Mr. and Mrs. E. Eldridge of Cypress Hills, Sask., who was found by searchers at 11.30 o'clock yesterday morning after having spent all night in the woods adjacent to Cordova Bay. The little fellow set out in search of adventure and was disappointed. His father is forest ranger at Cypress Hills Reserve in Saskatchewan. He arrived in the city from the East five weeks ago in charge of his mother, who is visiting her father at 1950 Southgate Street.

Water Commissioner Preston Notifies Saanich of Drastic Action to Enforce Collection of \$5,368.20 for June.

Twelve thousand residents in Saanich municipality will be without water supply after 9 o'clock on Saturday morning unless the Municipal Council to-morrow evening orders payment of \$5,368.20 to Victoria city for water used in June.

Collector Englehart, of the Victoria City Waterworks, instructed by Water Commissioner F. M. Preston to adhere to the usual routine in the treatment accorded the municipality of Saanich, has served Saanich with notice to pay the June account or be cut off forthwith.

Saanich officials advised Reeve Robert Macnicol, and upon his instructions Collector Englehart was notified that action would have to await to-morrow's session of the municipal council.

COMMISSIONER TO AGT

Water Commissioner Preston this morning explained that, should the council refuse to pay the account as rendered, water supplies will certainly be turned off on Saturday morning. The account is based on a ten cent per thousand gallons minimum price in place of the old rate of six cents. Saanich has been endeavoring to secure a better price from the city council, claiming that the new price has been arbitrarily struck without consideration of costs and without giving Saanich opportunity to make other water service arrangements.

COUNCIL REFUSED
SALARY INCREASES
Seattle Police and Fire Chiefs' Requests Were Not Acted Upon
Assistant City Treasurer and Deputy Comptroller Given Increases

Seattle, Aug. 12.—After supporting almost unanimously a programme of retrenchment in general expenditures, the city councilmen of Seattle have split on the problem of salary allowances in the 1926 budget. Spirited debate featured discussion yesterday of several proposals to increase Councilman Ralph D. Nichols leading opposition to the advances on the ground that the tax situation called for the strictest economy and that next year would be no time to increase salaries.

CHIEFS LOSE
Requests for salary increases by Chief W. B. Severns of the police department; Chief George M. Mantor of the fire department, and Port Warden Paul Edwards were refused by the council after a close vote. Severns asked in writing that his pay be advanced to \$6,000, an increase of \$1,200. Mantor orally stated that he would appreciate an increase if any were granted other officials, while Edwards asked that his salary of \$3,600 a year be increased, without naming the amount.

The Spanish War Memorial Health Centre committee, at Royal Oak Municipal Hall on Monday night, summarily ordered dropped all further investigation of written or verbal statements purporting to show that Dr. R. L. Miller, municipal and school health officer had publicly criticized the performance of minor operations at the Health Centre. Preceding abandonment of further investigations, the Health Centre committee received from Dr. Miller statements of his views of the matter, and as the persons signing the letters refused to attend the session, the committee finally decided that no option remained but to abandon the inquiry.

Britain and France Agree on Reply to Be Sent to German Government

Paris, Aug. 13.—Premier Painleve has called the Cabinet to meet this evening to receive from Foreign Minister Briand a report on the result of his conversations with Foreign Secretary Chamberlain on the proposed security pact with Germany. London, Aug. 13.—Although there is general satisfaction over the announcement of the reaching of a "common agreement" by the French and British Foreign Ministers with regard to the reply to be made to Germany's latest communication relating to a Western European security pact, this view is not shared everywhere. Those newspapers which show distrust of France since the occupation of the Ruhr region write very cautiously, even suspiciously, about "the common agreement."

Arizona's Butchart
Here; Made Desert Wastes Blossom
The London Times is one of the newspapers that expressed a sanguine view of the situation, saying: "As a result of this week's most fruitful discussion, the security pact is moving beyond the sphere of discussion at large. It has become the object of rapid and reasonable action. Before the end of this month it may be that representatives of Great Britain, France and Germany will be discussing how to establish a real peace at last."

Canadian Teachers' Federation Votes Down Fixed Meeting Place Plan

Toronto, Aug. 12.—A proposal to institute a permanent place of meeting, such as Winnipeg, instead of the present annual gatherings was voted down today by the Canadian Teachers' Federation, holding its sixth annual convention here, after a considerable amount of discussion in which the question of sectionalism was prominent. The motion was made by the Saskatchewan delegates, the spokesmen stating their ideas was to save money and establish their position more permanently in the matter of security of tenure, pensions and adequate salaries. While speaking there was any feeling among them of sectionalism or separation, the Westerners claimed they got more moral than practical support.

PROTEST FROM QUEBEC
E. M. Campbell, president of the Quebec Provincial Teachers' Association, protested against the proposal for a permanent meeting place, such as Winnipeg, voting his province's opinion that it would be a step backward. Dr. Harry of Toronto also spoke against the proposal, which was finally defeated by the united votes of the Eastern and Far West delegates after hearing Ye, in adding a protest, had said Prince Edward Island would secede from the Federation if the motion carried. A joint committee of the East and West will consider the question of publishing a national magazine of the Federation instead of the Production magazine now published here.

FIRES WERE SERIOUS AT LAKE COWICHAN

All Workers in District Joined Firefighters

Special to The Times. Lake Cowichan, Aug. 13.—The fire situation seems to be the main topic of interest at the present time. Nearly all residents have been called out during the past week to fight the fire which until yesterday was raging fiercely eight miles down the road towards Duncan. The C.N.R. construction gang and McDonald and Murphy's fallers and buckers as well as the logging crews were impressed. The Duncan end of it seems to be giving more trouble.

Traffic on the road and the E. and N. Railway, which had been disrupted for several days, has now resumed. The damage to green timber, so far, has not been severe.

A fire which broke out at Mile 66 on the Canadian National Railway is stated to be under control. The fire at the head of the lake, which started on the Genoa Logging Company's limits, extended to the top of the hills. The camp, which is built on floats, has been moved out of danger to the opposite end of the lake.

A special service which was to have been held at the schoolhouse last Sunday did not take place owing to the impossibility of the officiating clergyman getting through from Duncan.

BUSY SESSION OF SIDNEY TRADE BOARD

Swimming Gala Will Be Held This Month

Sidney, Aug. 13.—The regular monthly meeting of the Sidney Board of Trade was held on Tuesday evening in Wesley Hall. There was not such a large attendance as usual owing to it being a holiday season.

In the absence of the president, the vice-president, J. McNeil, was in the chair. It was decided to hold a swimming gala on the last Monday in the month, August 31. Under the auspices of the Board the co-operation is sought to make this event a big success.

It will be held at the Terry Wharf Beach. The committee appointed was Messrs. J. J. White, H. McIntyre and V. Goddard, with the power to add other citizens to assist them in organizing the events, swimming races, diving, tub races, log races, climbing the pole, etc., will be amongst some of the features. Miss Audrey Griffin of Victoria is to be invited to be present.

NEW MEMBERS. Three new members have been added to the membership roll. Mr. S. K. Halseh, Mr. J. Greenwood and Mr. J. C. Irvine.

The committee reported that a lifeboat had been secured from the Marine Department through Mr. C. Irvine, secretary of the Associated Boards of Trade of Vancouver Island indicating the progress being made with the presentation of the resolutions.

The Board decided to make an expenditure during the next month in advertising the holiday season.

WOMEN'S GUILD. The regular monthly meeting of the Women's Guild of St. Andrew's was held at the home of Mrs. J. J. White on the 12th.

The meeting was held on Wednesday afternoon. There was a large attendance. The president, Mrs. J. J. White was in the chair and opened the meeting.

The secretary, Mrs. Ward, read the minutes which were passed. Mrs. Hughes, the treasurer, read the financial report which was adopted.

A few items of business was discussed, after which a social hour was enjoyed. Mrs. Harrison served a delicious tea, assisted by Mrs. J. C. Irvine, Mrs. Mitchell. The meeting adjourned to meet next month at the home of Mrs. J. J. White.

The many friends of Mr. and Mrs. McKay are congratulating them on the birth of a son at the Saanichton Nursing Home.

Miss Alice Corfield has gone to Vancouver to spend her holiday with Mr. Stanley Ryker, who has been in Sidney for several months and has recently been living at Shore Acres, has left for England.

Mr. Henry Rankin has gone to Vancouver for a visit. Mr. Walter Gittans has gone to the Prairies.

Mr. and Mrs. L. Mattern of Edmontan are staying at the Chalet Deep Bay. Miss Olive Gilman has gone to Victoria and is staying with her sister at Foul Bay.

The Misses Margaret and Patty Simister of Third Street have gone for a trip up the West Coast on the steamship Maguina.

Mr. and Mrs. J. T. Taylor have returned from a motor trip to Portland.

The many friends of Mr. A. Warrender will be glad to know he is well again and is back in the bank of Montreal.

POPULAR DUNCAN RESIDENT IS DEAD

G. F. Tautz Passes Away in Hospital

Special to The Times. Duncan, Aug. 13.—The death occurred suddenly after two days' illness of George Franklin Tautz, of Maple Bay, in the King's Daughters' Hospital, Duncan. The news came as a great shock, as Mr. Tautz had always enjoyed exceptionally good health.

Great sympathy is felt for his widow and children, all of whom are at Maple Bay.

The late Mr. Tautz came to this country thirteen years ago from London, England, immediately after his marriage to Miss Kathleen Seaward, also of London. Mr. Forrest Evered Tautz, a brother, resides in Victoria.

The funeral will take place on Friday at 2 p.m., from the Masonic Lodge Rooms, afterwards interment in St. Peter's cemetery, Quamichan.

Mr. and Mrs. G. G. Share have left on a trip to Edmonton. They plan to visit Jasper Park and other points en route.

H. T. Reed, manager of the Bank of Montreal, Duncan branch, has just returned from his vacation.

G. L. Pearce, accountant of Duncan branch of the Bank of Montreal, has left on his annual vacation.

Mr. and Mrs. E. G. Sanford are in their camp at Mill Bay.

Miss G. McInnes of Chemaluna, was a visitor in Duncan last week for the tennis tournament.

Miss Black, matron of the King's Daughters' Hospital, is away on vacation.

TROOPS WILL LEAVE BRETON SATURDAY

Halifax, Aug. 13.—Removal of the thousand or more soldiers from various parts of Eastern Canada who have been stationed in Cape Breton since the middle of June is scheduled to commence next Saturday, according to Attorney-General Douglas.

The troops were sent to the colliery district after the New Waterford riot of June 11, when one man was killed and numbers injured, which event was followed by looting and the burning of British Empire Steel Corporation stores.

The cost of transporting the troops and maintaining them from June 12 to August 8 was \$325,000, according to figures furnished by the Department of National Defence, given to the Attorney-General yesterday at his request by Major-General Thacker, officer in command of District No. 6.

The figure is an estimate based on an average daily cost of \$4,224, plus \$50,000 for transportation to and from Cape Breton.

Following former strikes when troops were requisitioned, the municipalities were billed with the total amount of their wages and their upkeep. In this case, through the amendment to the act covering the requisition of troops, the province will be billed. What amount the provinces will be asked to pay will be revealed when the charges are made by the Department of National Defence, but it is stated on good authority that payment will be protected by the Provincial Government of charges which would have been involved had the forces been at their regular stations in Canada.

LOGGERS WERE DROWNED. Aberdeen, Wash., Aug. 13.—Pinned beneath his wrecked car in less than six inches of water, Sam Hansen, thirty-six, logger, was drowned yesterday morning along the Olympic Highway north of here.

BRITAIN TO CREATE ARAB ARMY SOON. London, Aug. 13.—The London Morning Post declares Great Britain is contemplating raising a regular Arab army in Mesopotamia in the shortest possible time. It is proposed, according to the paper, to enroll 20,000 men under experienced British officers and subject to the supreme command of King Feisal of the Iraq Kingdom. It will be organized and actively commanded by Major-General A. C. Daly.

NO HOTEL EXTENSIONS PLANNED BY C.N.R. Montreal, Aug. 13.—A newspaper report from Vancouver indicating the Canadian National Railway, through Sir Henry Thornton, had given its consent to operate a hotel to be built in Vancouver by private interests, was given a complete denial last night by the president of the National system. His statement, made in Vancouver and telegraphed to general headquarters of the Canadian National in Montreal, and issued here, said, "The Canadian National system had no intention whatever of interesting itself in any hotel anywhere at the present time. I deny, most emphatically, that the Canadian National Railway is putting money into any hotel proposition, either directly or indirectly, at the present time in Vancouver or elsewhere."

THE LIMIT OF ABSURDITY

DR. TOLMIE'S SPEECH at the picnic of the McBride Conservative Club yesterday was a typical specimen of the gospel of despair expounded by the funeral Mr. Meighen. It contained statements so glaringly in conflict with elementary facts, and implications so childish that it is hard to realize how anybody not bankrupt of sound ideas could have uttered them.

The Victoria Federal member explained why statisticians were figures were greater than the country's imports. The people of Canada had no money with which to buy goods in outside markets, the great bulk of Canada's export trade was in raw materials, which were being shipped out of the country for manufacture in the United States and other countries.

And Dr. Tolmie claims to belong to the party of "patriotism and progress!" To assume that he actually believes this tissue of absurdities is to reflect upon his intelligence. There is nobody in Canadian public life whose mind functions at all who could make himself believe it.

Dr. Tolmie obviously has a poor opinion of the intelligence of the public. We question if there are a hundred Canadians who believe that "the people in Canada had no money with which to buy goods in the outside markets," in view of the fact that those same people are buying more than \$800,000,000 worth of goods in outside markets every year and selling to those markets goods in excess of \$1,090,000,000.

Every schoolboy knows that Canada's largest item of export is farm produce. More than a third of all our shipments abroad consists of grain products. Would Dr. Tolmie stop this if he were in office? Are we to infer that he now regards the export of \$357,000,000 worth of grain as a calamity to Canada?

At the same gathering Mr. Pooley thoroughly endorsed all Dr. Tolmie had said and wound up with this: "It is up to all members of the party to be for the party, first and last and all the time."

ONE OF OUR "BIG" navy - for - Britain" contemporaries is endeavoring to persuade itself that there was no "tiff" between Mr. Churchill and the Admiralty over the recently approved cruiser programme. It very much doubted whether any crisis had really developed and now feels certain that its doubt was justified because Lord Birkenhead has denied that there were any bitter controversies.

of our raw material, and we always will. It is one of the elements of international trade. The United States, which seems to have become a paragon of fiscal perfection in Tory eyes—although it is now cutting wages in many industries—and which the "patriotic and progressive" Mr. Meighen is forever holding up as a model for Canada, exports nearly \$900,000,000 worth of raw cotton alone every year, much of it to Great Britain. We have yet to hear any American public man, no matter how uninformed or recklessly partisan he may be, declare that this export is ruinous to the nation and should be stopped.

OUR VISITORS

IT IS THE PLEASURE AND privilege of the people of Victoria to extend a hearty welcome to-day to a party of educationists who have come from Great Britain on a Dominion-wide tour. As members of the League of Empire our visitors are making this tour of Canada with the primary object of familiarizing themselves with conditions in this country that they may, on their return to the Old Country, help to direct the mind of the younger generation towards a broader conception of the meaning of the Britannic Commonwealth and its influence in the world.

It is a happy circumstance for Victoria that Mrs. E. M. Ord Marshall, who has filled with distinction the office of secretary of the League of Empire since its inception twenty years ago, has been able to join the tourists in their pilgrimage. To a considerable extent the outstanding success of this organization as an influential factor in strengthening the bonds of sympathy and understanding between the various parts of the Empire, has been due to her wide vision. She sees in the operation of the League of Empire the most effective instrument for producing these results, through the medium of exchange visits between the educationists of the Dominions and the Mother Land; and the dissemination of their knowledge in the classrooms of their respective countries.

The University Women's Club and the Teachers' Association of Victoria have prepared a programme of entertainment which will enable the visitors to see and do all they wish to do in the most pleasant manner possible, culminating with a reception this evening at the Victoria College, when a number of representative citizens will have an opportunity of making a closer acquaintance with these very welcome visitors.

WELL! WELL!

AT A GATHERING OF Conservatives in Esquimalt yesterday Dr. Tolmie indulged in another of his gloomy analyses of the situation in Canada at the present time. He is reported as having said this: "The situation has ranged beyond a political question or a party question; it is a case of the survival of Canada."

At the same gathering Mr. Pooley thoroughly endorsed all Dr. Tolmie had said and wound up with this: "It is up to all members of the party to be for the party, first and last and all the time."

THEY SCRAPPED ALL RIGHT

ONE OF OUR "BIG" navy - for - Britain" contemporaries is endeavoring to persuade itself that there was no "tiff" between Mr. Churchill and the Admiralty over the recently approved cruiser programme. It very much doubted whether any crisis had really developed and now feels certain that its doubt was justified because Lord Birkenhead has denied that there were any bitter controversies.

Our suggestion is that if relations between the two departments were not rather more than strained, journals which our contemporary so often quotes without question have been furnishing their readers with a lot of twaddle. One Tory newspaper just to hand says the cruiser question begins and ends with the question of whether the country can afford it or not, and says "the answer to that question is unquestionably in the negative." It also points out that British trade is gasping, bending to breaking point under its

huge weight of taxation, and the "Government must be courageous and 'accept resignations' if needs be." It concludes by declaring that the nation will never forgive Mr. Churchill "if, for expediency, he allows his professed policy to be swept aside."

Another Tory critic of the cruiser programme calls the whole business "sheer lunacy" and asks "how can we be 'secure' if we go bankrupt?" It goes on to say that "as we write, the rumor is that Cabinet opinion is veering away from Mr. Churchill and towards the Admiralty." This journal likewise asks: "Security against whom?" "Shall we get security—against phantoms—by building two-million-acre cruisers?" It sums up with the warning that "it is our finances that need 'security'; if we ignore them, we can not fight—whether or not cruisers turn out to be of use in the next war."

RAIN HALTS DANGEROUS B. C. FIRES

Showers Ease Grave Forest Situation, Halting Flames' Devastating March

Rangers Hope for More Wet Weather and Rain; Island Fires Die Down

For the first time in weeks the fire demon which has held large portions of British Columbia in its grip was halted last night when light rains fell all along the coast of the Province and spread to some parts of the interior. To-day the fire situation is easier than it has been for weeks and is improving hourly.

A few more days of damp weather or a continuing drizzle of light showers would bring the fire menace fairly well under control, it is said.

The rain was not sufficient to extinguish any of the larger fires, but it prevented their spread. Forestry officials here reported. The dampness of the woods as a result of the showers also cuts down the chances of new outbreaks to a minimum.

Under present conditions fire fighters can make good progress in their efforts to surround existing outbreaks and prevent spreading.

To-day's weather reports indicated further showers on the Mainland. Here dull weather without showers is forecast. In the interior, Dr. Taylor is cloudy and cool, and it is believed that rain will fall there, too, in the course of the next twenty-four hours.

Fires all over Vancouver Island were reported to-day as quieting down after their recent flare-up. A coasting steamer, the Maud, is now free from her long drifting in Arctic ice, and is southward toward civilization again.

The Maud is in command of Capt. Oscar Wisting. The party also included Dr. H. W. Sverdrup, and Lieut. Oskar Omdahl, sergeant of the expedition.

Omdahl left the Maud with Amundsen and spent the winter with him at Wainwright, from where they attempted an unsuccessful flight over the North Pole. Omdahl was taken as a mechanic on the Amundsen-Expedition this summer.

There are many steps between the brow and foot of the hill, some of which command a charming prospect and all a new horizon. —Hamilton.

Air Views On Halibut Duty

Japan and Canada Both Pointed To As Seeking Reduction

Seattle, Aug. 12.—Chairman Marvin and Vice-chairman Dennis of the United States Tariff Commission, who have concluded a hearing on proposals to reduce the American duty of two cents a pound on fresh and frozen halibut, are remaining in Seattle on Saturday to confer with men in the salmon industry. A hearing on demands for lower customs levies of fresh and frozen salmon is under consideration.

John Cobb, director of the College of Fisheries of the University of Washington, testified before the commission that efforts by Japanese to wrest supremacy in the halibut industry from the United States required a duty of four cents a pound instead of the present levy of two cents.

William Calvert, Seattle, president of a curing and packing concern, was also against a reduction, and "five Japanese investigators have visited me in the last year, seeking information about the halibut industry," said Cobb. "Three of them were government agents. They told me they did not regard the two cents duty as an obstacle."

The commissioners received a resolution of the Senate Chamber of Commerce laying the move for a reduction to Canadian interests, pointing to the Canadian duty of 1c a pound, and urging retention of two cents on this side of the line to "keep American halibut vessels under the American flag."

Protest against a reduction was received from the Tonnage Trading Company, an Alaska fishing concern.

BRITISHERS LOOM AS WINNERS IN NEW YORK TENNIS

Play in Singles Advances to Quarter Final

Southampton, N.Y., Aug. 12.—Play in the singles in the annual Wimbledon tennis tournament here to-day advanced to the quarter final round and the doubles to the third round.

One upset occurred in the doubles, the defeat of the Vosbell-Chapin team by the veteran Sam Hardy and his partner, Henry Guild, the long-winded southpaw. The latter team won 6-2, 4-1.

Only one singles match was necessary to-day to bring the play up to the schedule. In this match Dr. George King of New York won his way into a bracket with Howard O. Kinsey of San Francisco, defending champion, by defeating Hugh Kelleher of New York, 6-2, 4-1.

The Kinsey brothers, national doubles champions, stood in the second round by reason of a bye in the draw and played but one match to-day, defeating the McGlynn Brothers of Yale, 6-2, 6-2. The most impressive team of the day was the Southwestern championship combination of Oscar Wisting, Thalhimer and Lewis White of Texas, who went through two matches to reach the third round.

Bob Ebbett and J. H. VanAllen, one of the best of the British combinations, loomed as a possible prospect that they went through two matches despite the fact that Jack Garretson and Mills-Baker gave them a hard fight in their second match.

Brian I. C. Norton and George M. Lott Jr., playing together for the first time, formed a picturesque combination and had no trouble advancing.

WORMWOOD SETS LATEST JAIL STYLES

Different Now From Other Prisons; Ban on Talking Is Lifted

"Honor Parties" Found to Do Better Work; Whole Tone of Place Bettered

London, Aug. 12.—A new experiment in the way of treating prisoners has been instituted in Wormwood Scrubs Prison, London, the whole British prison system having been revolutionized in the matter of punishment in a manner that is regarded as likely to justify the experiment. The new system is thus described by a writer in The London Daily News:

All the old hands, the habitual criminals who drift in and out of trouble almost as a matter of course, were sent away from Wormwood Scrubs to other prisons. The mentally abnormal cases were also sent elsewhere. A clean sweep was made, in fact, of almost the whole population of the prison.

Now Wormwood Scrubs is given up entirely to first offenders. It is thought to be the only place of its kind in the country. Here may be found men of all ages and classes—the middle-aged fraudulent solicitor, the young mechanic, the ex-officer with a distinguished army record, the East End coster, and so on.

The only thing that they all have in common is that they are there because they have been found guilty of only one offense. No one else is allowed inside. Recently an old hand who insisted that he had not been convicted before, was sent there, but he was speedily recognized and despatched elsewhere.

It is now a distinction—a coveted distinction—to be sent to Wormwood Scrubs. There is no question of imprisonment being looked on as punishment. The exclusive aim of the new system is to reform rather than punish.

When I walked around the prison I was struck at once by its difference from other prisons. The atmosphere of the usual atmosphere of unnatural silence, aggressive discipline, and ceaseless supervision, the "stare" too, one was impressed by the absence of the usual "prison face."

There were no obviously criminal types such as one would expect to see at Wandsworth. In spite of the prison clothing it was easy to see, as one walked through the various workshops, that here a man should play a very useful part outside.

It seemed, indeed, more like an army barracks during the war than a prison. Men of all classes were working together in the same way, and little groups of men were wandering about quite free from supervision.

Something of the spirit of the new treatment may be gathered from the relaxing of the rule as to talking. In the ordinary prison, as a rule, no "associated" talking is allowed. Meals are taken in silence, and are necessarily dull and oppressive things.

Wormwood Scrubs. No forbidding warden now sits at the head of every table to see that the time, say, for dinner is devoted entirely to the business of eating.

Instead there is a "table leader," one of the prisoners, who is responsible for the general good conduct of the others, but has no restrictive rules to enforce. The men talk as much as they like, and there are frequently very animated discussions.

The meal itself, too, is quite on a different basis. The old system of giving each man only the regulation allowance has gone by the board. Prisoners now have as much to eat as they want in the open, under supervision. These men I saw looked exactly like an army fatigue party going—without undue haste—to a job.

It appeared that they were an "honor party"—men who had been put on their honor not to take advantage of the men, but to be free from the attentions of a warden. They had been given a job to do, and they were doing it as they thought best.

Other prisoners wearing a red band on their arms, were going about quite alone. They were the "red-hand" men, the men who are not under supervision. One will have the job of looking after the electric fittings. Another will attend to the gas—and so on. They go about their work entirely free from supervision.

Rising at 6.15 a.m. the men are spared the tedious walk in single file, six yards apart, which is the customary pre-breakfast exercise. Instead they have comparatively uninteresting "physical jerks."

There follows an eight-hour day of hard but interesting and useful work, and in the evening comes a variety of educational classes, to which the men go or do not go, as they like. (They all go.) The classes are carried on by visitors. From time to time there is a concert or theatre party.

It is too early yet to judge whether the experiment will succeed. It is hoped that the new treatment will ensure that the prisoners will come to the end of their term of confinement. Special efforts will be made by the Prisoners' Aid Society to see that they all have a good chance of making a fresh start. If they lapse again they will not have the pleasure of returning to Wormwood Scrubs.

As far as the management of the prison is concerned the new system is considered a great success. It is found that "honor parties" do better work than those under supervision.

French-British Debt Discussion

London, Aug. 12.—The London Daily Express to-day displayed on its front page: "The latest discussion with France regarding her debt to Great Britain has been progressing in a most favorable way and it is believed there will be an early settlement."

It is not thought these discussions occurred during the visit this week to London of M. Briand, the French Foreign Minister.

M. Briand met the Chancellor of the British Exchequer, Winston Churchill, at luncheon at the French Embassy yesterday.

"We did not discuss debt; we talked mostly about carnations," said M. Briand afterward.

H. O. KIRKHAM & CO. LTD.

Winnipeg, Aug. 13.—According to cable advices received at the general headquarters of the Canadian National Railways in Montreal, King George was a visitor at the pavilion of the company at the British Empire Exhibition yesterday.

He praised as a most practical display the model farm which comprises a part of the display of the colonization department of the company and he characterized as most ingenious the giant electric map of Canada which shows the routes taken by the various main line trains of the system.

Will Discussion Leads to Court

Winnipeg, Aug. 13.—Charged with abducting her ninety-year-old father, Mrs. Alice Braden of Swan River, Manitoba, was remanded one week in police court yesterday.

IN WOMAN'S DOMAIN

REV. J. CAMPBELL'S DAUGHTER BRED AT PRETTY WEDDING

Miss Marjorie Campbell and James A. Walker Married at First Church

A wedding of unusual interest attracted a large congregation to the First Presbyterian Church of the United Church of Canada at 7.30 last evening for the nuptials of Marjorie Jean, only daughter of Rev. Dr. John Campbell and Mrs. Campbell of "Broadbalm," Fort Street, to James Alexander Walker, son of Mr. James A. Walker, J.P., and Mrs. Walker of Glasgow, Scotland.

Mauve and yellow formed the decoration in the church and were the handiwork of Mrs. A. F. Procter, Mrs. Barr and Miss Jean McLaughlin. Huge baskets of flowers and dahlias in these shades were massed before the platform, while tall standards of flowers caught with broad satin ribbons marked the guests' seats.

The bride entered the church on the arm of her brother, Mr. Gordon Campbell, who gave her in marriage. She made a lovely picture in her simple gown of ivory satin, its severity relieved by godets of shirred georgette. From the shoulders, where it was caught with cabochons of white and red enamel, this fabric is some near to the head in cap fashion, having been worn by his mother on her presentation at court.

The bride veil of emerald tulle was fastened to the head in cap fashion beneath a coronet of orange blossoms. Her only ornament was a pearl solitary bar pin, the gift of the bridegroom, and she carried a bouquet of "Ophelia" roses, a Lily of the valley, white heather and swansonia. Miss Jean McLaren, cousin of the bride, was the only bridesmaid. Her dress was of old gold Canton charming trimmed at shoulder and waist with chrysanthemum shading from gold to bronze, a scarf falling from the shoulder pony to the low neckline. With it she wore a smart Klein model hat of apple-green leg-horn trimmed with applique velvet flowers in the golden shades, and her bouquet was a sheaf of dahlias in silver tones.

Little Miss Dorothy Sherratt was the train-bearer in a dainty frock of old gold crepe de Chine, with which she wore a circle of gold leaves in her hair. Mr. George Tyson supported the bridegroom and the ushers were Messrs. Russell Turner and Kenneth Macdonald. During the signing of the register Mrs. Jessie Longfield sang "O Promise Me."

As the bridal party left the church they were piped away by Pipers Cameron and McDonald in full Highland dress, the pipers accompanying them to "Broadbalm," where the reception was held. The bride couple stood beneath a wedding bell of white dahlias and sweet peas in an embrasure in the drawing-room to receive the congratulations of their guests who numbered about 200.

Among the out-of-town guests were Mrs. J. Forin Campbell of Prince George, sister-in-law of the bride; Mrs. Brydson-Jack and Miss E. Walker of Vancouver, and Miss Willy Blankenbiller of Seattle. Mrs. Campbell was the mother of the bride, assisted in receiving in a gown of black brocade satin and black hat trimmed with an ostrich plume. The many beautiful gifts presented to the young couple were on view in the library.

Mr. and Mrs. Walker left on the midnight boat for Vancouver from where they will motor to Lake George for the honeymoon. The bride traveled in a smart frock of heech-nut crepe-back satin with jabot of ecru lace, coat trimmed with ermine and the season ends it is expected the total pack for the Skeena and Naas rivers this year will be just about half of last year's pack. This is quite as large as was expected and is better than four years ago.

WOMAN MAYOR OF ZULULAND CITY IS VISITOR TO-DAY

Mrs. Vanderplank, of League of Empire Party Has Interesting Career

One of the most interesting women in the League of Empire party which arrived in the city this morning was Mrs. Vanderplank, who holds the office of Mayor of Eshowe, the capital of the district of Eshowe in Zululand, East Africa. Mrs. Vanderplank has been making her first visit to her home in Scotland for thirty years, and she took advantage of the league trip to Canada to visit her sister, Mrs. Harcus, in North Vancouver, whom she has not seen for three decades.

Mrs. Vanderplank went out as a young girl to Zululand in the capacity of nurse. She was married there to Major Vanderplank who holds a responsible position in the militia. Her training as a nurse led Mrs. Vanderplank to take a keen interest in the welfare of the community, an interest which was rewarded by her election to the City Council of Eshowe about ten years ago.

For eight years Mrs. Vanderplank worked so indefatigably in the interests of the city and gave such splendid service in the department of civic administration that the citizens elected her as mayor two years ago. In this capacity Mrs. Vanderplank has achieved signal success, without in any way neglecting her domestic duties, which are considerable as she has four children.

friends met at her Summer camp at Cadboro Bay on Tuesday evening for supper. A very pleasant time was spent around the camp fire, and all joined in a hearty vote of appreciation to Mrs. Kilgour for her kind hospitality. Among those who attended were Mrs. Hutchison, Mrs. Burt, Mrs. Fagan, Mrs. Ducey, Mrs. Kilby, Mrs. White, Mrs. Dunlop, Mrs. Newman, Mrs. McKeegan, Mrs. Vancouver, Mrs. Politt of Aldrie, Scotland, Miss Myland, the Misses Burt, Miss Duncan, the Misses McConnell, Miss Fagan, Miss Thain and Miss Hutchison.

Mr. and Mrs. R. H. Pierson are over from Seattle and are at the Empress Hotel. A. B. Jackson is down from Kimberley. He is at the Empress Hotel. (Other Social News on Page 3.)

Mrs. Leroy George of Kingston, Ontario, who has been visiting in Vancouver with her mother, Mrs. McLean, is expected in Victoria to spend a few days here as the guest of Miss Agnew, Rockland Avenue. Mrs. Eva Dods, Miss Dods and the Misses Powell, who have been spending the past few days in Victoria, have returned to their homes in Calgary.

Mrs. J. Fortin Campbell of Prince George is in the city for the Walker-Campbell wedding, which took place evening and during her stay in Victoria, as guests at her parents, Rev. Dr. and Mrs. Campbell at "Broadbalm."

Barred from Will. London, Aug. 13 (Canadian Press Cable)—In connection with the will of the late Earl of Ypres, filed for probate here yesterday, which makes no mention of the earl's widow or his two sons or daughter, it is pointed out that under the state grant of £50,000 made in 1919 to the Earl in recognition of his war services, this sum was held in trust by the public trustee for the beneficiary and his descendants and therefore is outside the scope of the estate disposed of by the Earl's will.

TO-MORROW'S HOROSCOPE. By Genevieve Kemble. An active and eventful day is forecast from the very interesting chain of lunar transits, although these must be interpreted from contradictory angles. A checked state of affairs is presaged, with restless and unsettled tendencies, which should be suppressed, and the inclination to change and travel subjected to careful analysis. New projects may be taken under consideration and employment is under a fortunate rule. Under an adverse Venus there may be unhappy or troublesome conditions in the domestic or personal affairs. Those whose birthday it is are under a sway that may bring rather checked conditions for the year. Employment is favored and change should be deferred. Heart and home affairs may cause anxiety. A child born on this day may be active and enterprising, but its restless and changeable tendencies may work against its success. It may do best in the employment of others. It may also be called upon to endure some domestic annoyances.

Evicted Mother Gives Birth To Baby on Roadside

Chicago, Aug. 13.—Deported by her husband and father and evicted from her only home, Mrs. Anne Cooper, single, gave birth to a child as she lay on the roadside in the village of Phoenix, southwest of Chicago.

Northern B.C. Salmon Pack Down by Half

Prince Rupert, Aug. 13.—The total Skeena River salmon pack this year to date is 163,000 cases, less than half of last year's pack, but much higher than the output for 1921. By the time the season ends it is expected the total pack for the Skeena and Naas rivers this year will be just about half of last year's pack. This is quite as large as was expected and is better than four years ago.

J.B.A.A. FLANNEL DANCE FRIDAY

The James Bay Athletic Association flannel dances at the Empress Hotel on Friday evening, August 14. The local athletes have spared no pains to ensure the enjoyment of their guests and to this end have secured the services of Ivor Henderson's orchestra for the dancing from 9 until 12 o'clock. Tickets for the affair may be obtained from members of the Association.

DRESS

By MARY MARSHALL. A Handbag for Every Costume is the Fashionable Dictum of To-day. The handbag is hardly looked upon as an accessory of dress nowadays. So important has it become in the creation of the ensemble that it is really an integral part of the costume. In fact, the handbag has never before been so important, and never before has it seemed necessary to well-dressed women to possess so many hand-bags. Perhaps you can remember the time when it was the aspiration of every young woman to own a gold mesh purse—or at any rate a silver mesh purse. The original outfit was a good deal, but once bought they solved the bag question for very nearly all occasions. Now we spend less on the individual purse or bag, but feel the need of having one for every costume in the wardrobe. Sometimes they are actually made of the material of the frock, or are selected in exactly the same shade as the frock, though of different material. If the bag does not match the costume it may match the hat. Just at present, the smartest arrangement—in the opinion of well-dressed Parisians—is to wear a colorful frock with handbag, hat, shoes, stockings and gloves all in a neutral tone. The hat and bag of beige or light blue de rose, or one of the various "nude" tones, worn with a colorful frock, is a trick well regarded at the moment—much smarter in fact than the trick of wearing a neutral or light frock with hat, bag, and other accessories of a bright color. A striking contrast, which was exploited a Summer ago. Bags this Summer frequently feature a bag. The under-arm envelope is no longer the only type of bag chosen by well-dressed women. In fact, the small bag, mounted on metal frame, with strap to hang over the wrist, seems to be the most acceptable at the moment. Then there are the handbags with contrasting top-lit or multi-time tobacco pouch. The stretch shows a charming creation set, consisting of bag and parasol to match, which is worn effectively with frock of neutral tone, and that of some of the high colors displayed in the costume. Decidedly new is the tube bag just below it, made of purple leather chosen to match a costume of the same hue. Very smart is the white enameled leather envelope—especially when carried with a white ensemble. The little pouch is of beige leather with initials on the strip of brown leather, and last of all a small envelope of beige silk striped in gay colors at one end. This has two sections, one for powder, perfume and rouge, and the other for money.

There Is a Difference and Babies Show It

Doctors, nurses and mothers repeatedly observe the rapidity with which babies respond to Eagle Brand feeding.

Any bottle-fed infant will do better on it, though the improvement is more quickly noticeable in the case of babies who have been failing.

If regularly given proper feedings baby begins to grow and develop at once. His weight increases, he sleeps better and is happy and contented.

Do not experiment with foods. If you cannot nurse baby put him on Eagle Brand at once. It has been 66 years on the market and is recognized as the leading infant food.

How Much Should Baby Weigh?

On pages 18 and 19 of the Borden's Eagle Brand Book you will find much valuable data on weights and measurements of babies. This book and the Borden's Eagle Brand Book sent free on request.

BEDTIME STORY

Uncle Wiggily And the Jabber

Copyright, 1925, by McClure Newspaper Syndicate.
(By Howard R. Garis)

"Uncle Wiggily, will you please bring in a few flowers from the garden," politely asked Nurse Jane Fussy Wuzzy one morning as she saw the bunny rabbit gentleman hopping along the path. "Your new wife wants to make the table look pretty, and Mrs. Twisty-tail, the lady pig, and Mrs. Stubbail, the lady bear, are coming to pay a visit," went on Nurse Jane.

"I'll get the flowers," answered Mr. Longears; and off to the garden he hopped, where grew many dandelions, daisies, roses and red clovers.

Uncle Wiggily was picking a bouquet when, all of a sudden, a little voice exclaimed:

"Be careful! Don't touch me!" "Why not?" asked the rabbit gentleman, not seeing who had spoken. Though he knew it wasn't the Wolf, nor yet the Bob Cat, for they were so large he could easily have seen them. Why mustn't I touch you?"

"Because I am a jabber and I might jab you with my sharp sting," was the answer. "Of course I wouldn't mean to do it for you are a friend of mine. Some creatures I would gladly jab, but not you, Uncle Wiggily," and then the bunny saw a small creature crawling on a dandelion.

"Why, you are what I should call a honey bee!" exclaimed Mr. Longears, looking at the little chap.

"Yes, I am a honey bee," was the answer, "but I am also a jabber, as I have named myself. I carry a sharp

"Oh, I'm shot!" howled the bad chap

sting, with poison in it, at the end of what I might call my tail. And if any one tries to pick me up, and if I think they are going to harm me, I sting them. You see we bees are so tiny and soft that 'helicopters' that would not hurt our stings, we would be eaten up as quickly as anything. But most other creatures are afraid of our stings and so they leave us alone."

"I wasn't going to harm you," said Uncle Wiggily kindly to the bee, or jabber, as he called himself.

"I know you weren't," said the bee. "But I called you because I thought you might, in picking the flowers, squeeze me by accident. And when I saw you suddenly squeezed me, without stopping to look at who did the squeezing. So be careful of me—I'm a jabber!" laughed the bee.

"I'll be careful," promised Uncle Wiggily with a laugh. "And as there does not seem to be much honey in these flowers, pray allow me to bring you out a bit of molasses. Would you like that?"

"I'd like it very much!" buzzed the bee jabber. And when the bunny uncle had carried in the bouquet, he brought out several molasses in a lump of sugar. And this the bee sipped up eagerly, to change it into honey, which is the work that bees do.

"Well, it is about time for me to fly back to my hive," buzzed the jabber a little later. "I thank you for having been so kind to me."

"And I thank you for not jabbing me," spoke the rabbit.

"Well, I am thankful that I see some ears to nibble!" cried a rough voice, and out of the bushes jumped the Woggle Wolf. "Here, Uncle Wiggily, smell this!" howled the Wolf, as he picked a flower and held it under the rabbit's nose.

The Wolf thought, by doing this, that he would tickle Uncle Wiggily's nose with the flower and make him sneeze. And when the bunny was sneezing the Wolf thought he could easily nibble the rabbit's ears.

But, as it happened, the bad chap picked the flower on which perched the honey bee. And when he felt himself being squeezed the bee cried:

"I'm a jabber and I'm going to jab you!" And with that he jabbed his stinger into the paw of the Wolf.

"Oh, I'm shot! I'm shot! Oh, Uncle Wiggily shot me!" howled the bad chap, and dropping the blossom, ran to his den he ran.

"I'm a jabber and I jabbed!" laughed the bee as he flew to his hive to make some honey. And Uncle Wiggily was glad he wasn't stung. So if the rubber doll's vaccination doesn't tickle her and make her try to scratch the face of the clock with the garden rake, I'll tell you next about the bunny gentleman and Stay A-bed Tooter.

G. EASTMAN GOES TO CASSIAR

Wrangell, Alaska, Aug. 13.—George Eastman, camera manufacturer, accompanied by Mrs. Eastman, Dr. A. Kaiser, Rev. George E. Norton and Mrs. Norton, all of Rochester, N.Y., left here yesterday on a boat on the Sitka River for the Cassiar district, where they are to spend seven weeks hunting big game. Walter Simpson, son of Scott Simpson, Indian agent for the Cassiar district of Northern British Columbia, is guide.

ENDED HIS LIFE

Vancouver, Aug. 13.—With the throat cut with a razor found lying near the open, bloody hand, the body of Wong Kim, thirty-year-old Chinese was discovered last night lying on the floor of the bedroom the man had occupied.

BOY OF SEVENTEEN CONFESSES MURDER

Kansas City, Mo., Aug. 13.—Everett Adams, seventeen-year-old Wilmington, Ohio high school boy, self-confessed slayer of Aden R. Clawson, school teacher of Lodi, N.Y., to-day was being taken to Sedalia, Mo., from Garden City, Kas., to answer a charge of first degree murder.

The decomposed body of Clawson was found yesterday in a ditch near Lamont, Mo., where it had lain since August 1, the date Adams confessed he had thrown it there after he had shot Clawson.

The boy's confession was obtained by police of Garden City, Kas., where he had driven in Clawson's car after disposing of the body. Bloodstains on the car led to his arrest.

The confession related that Adams was walking alone a road a short distance west of Jefferson City, Mo., when overtaken by Clawson, who stopped to give the boy a lift. Adams nearly penniless, decided to rob his benefactor. He produced a gun and Clawson resisted. The shooting followed.

ROCKEFELLER SENT BEST WISHES TO PRIEST

Princeton, N.Y., Aug. 13.—A new ten-cent piece, with an accompanying of "Best wishes," was presented on behalf of John D. Rockefeller to the Rev. James P. Hughes, former assistant rector of the Roman Catholic Church of St. Teresa of Tarrytown, at a testimonial dinner given him at Princeton Lodge.

Mr. Rockefeller was playing golf with Robert A. Patterson until he heard of the dinner.

"Give Father Hughes this dime," he said to Mr. Patterson, "and say I am sorry he is going away. Tell him I am sorry I did not see more of him. Send him my best wishes in his new field."

At the dinner, attended by 200 friends of Father Hughes, Mr. Patterson presented the dime and the message.

CONSCIENCE MONEY

Ottawa, Aug. 13.—The Department of Finance acknowledges receipt of \$30 conscience money, enclosed in an envelope postmarked "Victoria, B.C., August 1, 1925." An accompanying note, signed "Yours for a Good Conscience," stated the amount was to cover the cost of poorly cancelled stamps which had been re-used by the sender in his younger days.

RED PIMPLES ITCHED BADLY

Neck and Chest Broken Out. Cuticura Healed.

"My daughter's neck and chest were very badly broken out with red pimples that festered and itched badly. She scratched the affected parts and caused the trouble to spread. At night she could not sleep and the breaking out caused discomfort."

"I tried everything I could think of but nothing helped her. I read an advertisement for Cuticura Soap and Ointment and sent for a free sample. I purchased more, and after using one cake of Cuticura Soap and one box of Cuticura Ointment she was healed." (Signed) Mrs. R. B. Cross, 21 Seneca Parkway, Rochester, N. Y.

Mr. Hyde had corns . . . Dr. Jekyll had none!

At the root of many a bad temper, there's a corn. It is hard to keep the disposition serene when a corn is jabbing and baiting it with pain. You can cover the tip of a corn with a match-head. But this tiny pain-center makes one feel

mean all over—and act that way. Doctors know that a corn may irritate the whole nervous system—so the patient with a corn is told to use Blue-jay. A Blue-jay plaster will end a corn pain in ten seconds, and the corn itself in 48 hours.

SECOND BARGELOAD OF EQUIPMENT DUE AT OGDEN POINT

Pls. Steel and Other Material to Be Landed at Ocean Docks on Monday From Port Mann; Active Construction to Get Under-way Immediately When Material is Assembled

The second barge load of cars with material for the construction of the lumber assembly plant at Ogdén Point docks will arrive on Monday next, it was learned here today. The barge was expected yesterday but was delayed in getting away from Port Mann.

On board the barge will be eight or nine cars of railroad ties, steel and miscellaneous equipment to be used in connection with the start of work on the assembly plant. The first changes to be made at the docks, it is understood, will be by way of switching rails into position so that lumber collection and storage will be facilitated.

Lumber cars on barges will be transferred from the Point Ellice terminals of the C.N.R. to the ocean docks and landed by means of a portable apron. The cars will be run on to the barges, towed around to Dallas Road and there run off again. The lumber will be graded and stored in such a manner that a ship putting in here can load from the stocks on hand. This is the project as now mooted, and actual construction will begin immediately. For the next few days the arrival and assembly of the material will be the engineers of the C.N.R. busy before track laying commences in real earnest.

In conjunction with the assembly plant the waterway of Victoria harbor will be deepened at the mill wharves. A total of 27,000 cubic yards of mud and silt will be taken out, thus permitting the easy handling of scows and other craft at the mill docks.

After a quiet period for the last few years the export lumber trade is showing a remarkable pick-up and lumber has been moving from the ocean docks in numerous bottoms at the rate of several million feet a month.

Lumber in the past few weeks have been regular sellers, and have taken on individual shipments ranging from 100,000 to 500,000 feet. With the assembly plant in operation, it is stated, this lumber movement will be increased, and loading will be performed with a material increase in speed.

It is claimed, also, that whereas ships now take only a portion of their lumber cargo here they may in future complete loading at this port, spelling a greater volume of business for the port.

On board is a large and talented family of pigs. Their specialty is looping-the-loop, shooting chutes and other acrobatic feats.

A curiously assorted trio is that of a monkey, horse and dog, which give a stunt of their own in the main ring under the "Big Top." Six sheep land pointers, who spell out their names with their fore feet and trot in military formations, occupy another part of the ship.

Dancing horses, the midjet, two clowns and the usual side-show artists complete the Otter's passengers on this trip.

The Otter has now been some weeks on her round, and so far her master, a modern Noah, has found nothing to complain of in the behavior of his strangely assorted guests.

Seldom since Noah batted down the last hatch cover on the Ark has a vessel carried a more curious cargo than that now taken by the R.C. Coast Service steamer Otter. The Otter was chartered by Buller's Circus for an extended trip of Vancouver Island and north coast towns.

British Light Cruiser Will Be Open to Public on Saturday and Sunday

H.M.S. Capetown Will Call at Nanaimo, Comox and Vancouver Before Resuming Her Cruise on September 5; Bluejackets Enjoy Themselves on Shore

Giving effect to the wish expressed by many that the ship would be thrown open to inspection by the public, Capt. Knowles, R.N., commander of H.M.S. Capetown, has announced that the British light cruiser will welcome visitors between 2 p.m. and 5.30 p.m. on Saturday, and between the same hours on Sunday.

While at this port the officers and men of the cruiser's complement have been cordially entertained. Her officers have been feted at Government House and also at many private homes during the past week.

KAIKYU MARU STANDING OUT

Spoken by Canadian wireless at 8 o'clock last night the Kalkyu Maru, storm centre of the Vancouver Harbor mishap, reported her position as 49.55 N. 126.31 W. eastbound for Yokohama. This places her half way up the coast of Vancouver Island and nearly 100 miles off shore, hugging the north circle route to the Orient and apparently unimpeded in respect to the pair of heels she showed here to admiralty officers seeking an answer to damage claims filed at Vancouver.

Arizona Shifts To Vancouver

Shifting to Vancouver after Seattle discharge the O.S.K. Arizona Maru passed up this morning for the mainland port. Capt. S. Snoddy, her pilot, joined the ship at Port Angeles to take her up.

The Arizona docked here on Monday inbound from the Orient with a silk cargo of 3,400 bales, and 100 passengers in her stowage list. The importance of the silk cargo necessitates a call at Seattle first where she put off the silk for the silk train of the Chicago and Milwaukee road. For Victoria and Vancouver she had a light cargo.

OTTER IS CIRCUS VESSEL TOURING NORTHERN PORTS

"The Animals Went in Two by Two," Chanted Stevedores When Loading

Seldom since Noah batted down the last hatch cover on the Ark has a vessel carried a more curious cargo than that now taken by the R.C. Coast Service steamer Otter. The Otter was chartered by Buller's Circus for an extended trip of Vancouver Island and north coast towns.

On board is a large and talented family of pigs. Their specialty is looping-the-loop, shooting chutes and other acrobatic feats.

A curiously assorted trio is that of a monkey, horse and dog, which give a stunt of their own in the main ring under the "Big Top." Six sheep land pointers, who spell out their names with their fore feet and trot in military formations, occupy another part of the ship.

Dancing horses, the midjet, two clowns and the usual side-show artists complete the Otter's passengers on this trip.

The Otter has now been some weeks on her round, and so far her master, a modern Noah, has found nothing to complain of in the behavior of his strangely assorted guests.

SHIZUOKA MARU MAKES PORT AFTER FOGGY CROSSING

Her Master Sighted Kalkyu Maru Standing Out to Sea at Entrance of Straits

Two Canadian Sisters Returning From Teaching Tour in Orient Missions

Seven days' running in fog was the experience met by the Shizuoka Maru, N.Y.K. liner, which docked here at 7 a.m. to-day from the Orient, after arrival at William Head at dawn.

SAW RUNAWAY FREIGHTER Capt. S. Itō reported he had sighted the Kalkyu Maru outbound at the mouth of the Straits. The Kalkyu Maru is the Japanese freighter which admiralty officers here say evaded service of a warrant of arrest and stood out to sea with damage claims resting against her at Vancouver in connection with the sinking of the tug Hustler.

The Shizuoka Maru had a total cargo of 1,500 tons, including 1,000 sales of raw silk. For Victoria she carried twenty-nine tons, including silk goods, waste silk, cherry woods, tea, porcelain, earthenware, rattan and wood furniture and a miscellany of other goods.

Twenty-two saloon passengers and a light stowage list enjoyed a smooth crossing, though uneventful as the Japanese liner rode for more than half of her trip in dense fog.

Sister Alma, Taibot and Sister Mary Ansel, Canadian nuns, were the only saloon passengers to disembark here. They have been on an extended mission to the education and religious institutions of their order in Japan and China, and will now route East over the Canadian National to Quebec, returning to a convent there.

The Shizuoka Maru carried fifteen bags of mail for Victoria and Canadian points. She cleared at 8.45 a.m. for Seattle.

NEWS IN BRIEF

Esquimalt Girl Guides will meet for tomorrow at 3 p.m. Court Maple Leaf, A.O.P. picnic scheduled to be held at the Willow beach to-night has been cancelled on account of the weather. Liberals of Ward Seven, Spanish, will hold the adjourned meeting of the ward association at 815 - George Road on Friday, August 14 at 8 p.m. Business of importance will be transacted. Twice during the past month vandals have torn down the sign of the block occupied by Stinson's Limited on Moss Street, and on two occasions vandals have been taken off the side wall, putting the whole telephone system in the building out of commission. The police have been notified and are on the lookout for the culprits. Arrangements have been completed by the entertainment committee of the Royal Society of St. George for the holding of its annual picnic, at Mount Douglas Park, on Wednesday, August 19. The picnic will leave the city hall at 2 o'clock. An excellent programme of sports has been arranged, prizes for which have been contributed by members of the committee. There will be a cricket match and also games and races for the children, for which prizes will be offered. The general monthly meeting of the local unit of the Army and Navy Veterans' Association will take place to-night at 8 o'clock in the club premises, 808 Street. The organization will hold a picnic, Sunday, August 22, at the site of the officers and men of the H.M.S. Capetown have been invited. Launches will leave Day's Landing at 11 a.m. and continue running during the day. Tickets are secured from the Victoria Book and Stationery Store, Government Street, or the club secretary, 612 Fort Street. Major A. Layman, newly appointed as Salvation Army Divisional Commander for British Columbia, will be welcomed to Victoria on Sunday afternoon by Alderman William Marchant, acting on behalf of Mayor Carl Pendray. The ceremony will take place at Beacon Hill at 2 o'clock, and will be preceded by thirty minutes of band music, provided by the Victoria Salvation Army Band. Following the welcome the regular Sunday afternoon band concert will proceed, the musicians being the Fifth Regiment band. The monthly meeting of the Victoria and Island Life Underwriters Association next Monday will be in charge of the great West which have arranged to hold a "Dinner for an Age" at Brentwood Bay at 6.30 p.m. and invited as guests on this occasion the managers of the local banks and financial companies. Mr. Despard Twigg, M.P.P. will address us on the subject "The Relation of Life Insurance to Bank and Trust Companies" and the Canadian "Estate Act." Cars will leave the Sayward Building at 5 p.m. promptly. Building permits have been issued at the City Hall for the following: To Stephen Jones, for steel and lumber, alterations to premises on Yates Street, valued at \$1,500; to J. K. Morrison, brick garage and store on Yates Street, \$2,000; to J. H. Anderson, five-roomed bungalow, 1124 Burdett Avenue, \$3,300; to Eli Bean, seven-roomed dwelling on Dallas Road, \$4,500; to Daniel Mathewson, five-roomed frame bungalow, 521 Cecilia Street, \$2,500. A unique display of fire, burglar and other alarm signal devices, as well as the fire sprinkler service is being made by the E.C. District Telegraph and Delivery Company, Limited of Vancouver, in temporary showrooms at 639 Port Street. All the services of the company are of interest to business men who will be given in which the manner of protecting property from fire, burglar and other risks will be explained. The campaign is one to determine the field for such a service in this city, and if successful will be followed by the opening of branch offices here, it is stated. The Seventh Annual Civil Service Basket Picnic will this year be held Saturday at Paradise Inn, Sooke. Leaving by trolley at 10.30 and at 2 p.m. on the Esquimalt branch. Tickets to the Buildings, the participants will cover the beautiful twenty-mile drive to their destination. After lunch, a special series of competitive games will be held, organized by George Vallance, whose success at the Burnside Lawn Bowling Club with a similar series was conspicuous a few weeks back. Boating, tennis, swimming and lunch trips to various scenic spots in Sooke Harbor and the surrounding area will be the order of the afternoon and the evening will be spent in dancing at Paradise Inn to music furnished by the Civil Service Band. Tickets covering transportation to the picnic can be had from A. M. D. Fairbairn, Lands Department, Parliament Buildings, or any Civil Servant, and all members of the general public and all members of civil servants will be welcomed.

TRUCE CALLED IN NANAIMO CHURCH No Presbyterian Sessions Will Be Called, Counsel Promises Mr. Justice Murphy, in Supreme Court Chambers this morning, declared that the Nanaimo adherents to the old Presbyterian Church and the members of the new United Church of Canada are not to sue for the application for an injunction against continuation of the Presbyterian Church as it is now conducted cannot be held over all the churches under his jurisdiction. The matter brought up in Chamber three weeks ago was brought up again today with J. H. Lawson appearing for the Presbyterian Church and J. B. Clouston for the United Church. Objections were raised by the Unitarians to Presbyterian sessions being held at this time, but Mr. Lawson with an undertaking that no sessions would be held between now and the end of the court vacation.

CAPT. S. SNOODY TO MAKE REPORT ON KAIKYU AFFAIR Vancouver, Aug. 12.—Capt. S. Snoddy, pilot of the freighter Kalkyu Maru, broke three water mains in First Narrows on Tuesday morning, returned to the city on Wednesday. The Kalkyu Maru, a Japanese steamship, was en route to Port Angeles to take on board a cargo of lumber. She left Port Angeles Wednesday morning and went with the ship to Tacoma, coming back here on Thursday. Capt. Snoddy has no statement yet to make regarding the accident, excepting to state it was the fault of the ship or of the Kalkyu Maru that the damage was done. Capt. Snoddy, master and part owner of the sunken tug Hustler, stated this morning the little vessel apparently was not seriously damaged by the collision. The Kalkyu Maru is proceeding on her voyage. At 8 p.m. on Wednesday she wireless her position, which was 10 miles off the coast of Sooke. At that hour she was off Nootka Sound, bearing west and north. The Kalkyu Maru, the vessel will return to Vancouver late in September.

FIRE FIGHTER JAILED AFTER CELEBRATION Hugh Kelly has been fighting fire. To-day he is in the city jail, following a celebration on his arrival in the city from the fire-swept forest country up-island. Kelly elected to enjoy himself in an unusual manner, and thus attracted the attention of the city police. With a quantity of loganberry wine, a horse and wagon, and a little beer, he started out and ended by bumping into hotel busses near the C.P.R. wharves and running over the curb in the vicinity. Constable Jarvis arrested him after giving chase. Magistrate Jay imposed a fine of \$25 or in default of the fine, imprisonment to ten days. Kelly decided to serve the term.

BOY FELL FROM TREE When Aiding Search For Eddie Eldridge Philip Holmes, ten years old, whose parents live in Madrona, was injured when he fell from a tree at Cordova Bay. In his efforts to aid, young Philip fell from a precarious perch to the ground, suffering a broken collarbone. Only the softness of the ground saved him from more serious injury. Young Holmes was rushed to the Royal Jubilee Hospital, and his shoulder was set in the children's ward, where he is now progressing well towards recovery.

WORKER HURT WHEN HE FELL FORTY FEET Trail, B.C., Aug. 12.—Pete Waayik, a Ruthenian, broke a rib, cut his head and was badly bruised when he fell down a forty-foot chute while working on the huge zinc stack of the Consolidated Mining & Smelting Company's plant here. He is recovering. TO JUDGE AT FAIR Yakima, Wash., Aug. 12.—W. L. Carlyle, manager of the Prince of Wales' ranch near Calgary, Alberta, will judge beef cattle at the Washington State Fair this fall. It is announced by A. R. Lawson, fair secretary.

BEIGIAN-U.S. DEBT DISCUSSION HALTED Washington, Aug. 12.—Negotiations between the United States and Belgian debt commissions were suspended temporarily to-day to permit the visitors to receive instructions from Brussels as to a new Belgian offer. A reply is expected overnight, however, and the commission agreed to meet again to-morrow. At that time they will have before them also a new United States proposal, embodying some concessions, presented to-day to the Belgians.

CLAN DISORDER WAS ENDED BY TROOPS Opposing Forces in Massachusetts Numbered More Than 1,000 Reading, Mass., Aug. 12.—After clashing over the roads from four different directions, a strong force of state troops mobilized here to-day and stamped out a Ku Klux Klan disorder which threatened to end in bloodshed. The opposing forces, estimated to total between 1,000 and 1,500 men, clashed last night and early to-day. Shots were fired, stones and clubs were used and tear gas bombs were hurled. More than a score were injured by stones and clubs.

ANTH-NARCOTIC MEN PUT UNDER ARREST Four in Chicago Charged With Exchanging Drugs for Stolen Merchandise Chicago, Aug. 12.—Half a hundred narcotic drug addicts whose supply had been cut off as a result of raids last Monday night in the Chinese quarter of Chicago, yesterday applied at the Federal building for relief. Pleading guilty to a charge of smuggling six aliens into the United States, in default of \$2,000 bail they will be held in the county jail three months until the next Federal grand jury convenes. FARMER LOSES LIFE St. Catharines, Ont., Aug. 12.—Falling thirty feet from the hayrack while unloading hay in his large barn in Grantham Township late yesterday afternoon, George Smith, aged fifty, was fatally injured when he struck his head on the hub of a wagon wheel and afterwards on the concrete floor. Buffalo, N.Y., Aug. 12.—Dry Chief Allan Bartlett, a city detective last night seized a stillbirth, estimated to be worth \$200,000, Harry Neehin and Edward Covel, alleged owners, were arrested.

TAYLOR HERE TO WRESTLE WITH WATER PROBLEM

Vancouver Mayor Confident City Will Reach Agreement in Waterworks Crisis Mayor L. D. Taylor and City Solicitor Williams of Vancouver spent most of to-day in conference with Hon. T. D. Pattullo, Minister of Lands, in an attempt to work out a solution of Vancouver's water problems. After a preliminary talk this morning the conference with the Minister continued this afternoon. "We are getting on very satisfactorily," the Mayor said after seeing Mr. Pattullo this morning. He added the prediction that an agreement between Vancouver and the Provincial Government on the water question would be reached soon. The date of the Government's result of a crisis which has arisen in Vancouver's waterworks affairs. While the Provincial Government was insisting on Vancouver and surrounding municipalities assuring themselves of an adequate water supply, a Japanese ship scraped the bank of the Fraser River at Vancouver harbor and disrupted a considerable part of the city's water supply. This action has stimulated the Government to take prompt action. Unless Vancouver and its neighbors reach some satisfactory arrangement so as to insure themselves of water for the Government's attention is prepared to force the creation of a joint metropolitan water administration covering all Greater Vancouver.

ROTARIANS STRIVE TO FIND ANSWERS FOR EISON TEST

Intelligence Quiz Offered at Weekly Luncheon Chief John Fry Cordially Welcomed As New Member With the famous Edison intelligence tests as a central motif, the Rotary Club to-day at the Chamber of Commerce enjoyed one of the most amusing entertainments ever offered at the weekly luncheon. E. B. Myers first gave the members a brief taste of the real intelligence quiz, wherein the Rotarians were required, for three minutes, to set down in rapid fire order the answers to a series of questions designed to show the trend of thought, ability to change mental focus and knowledge of common affairs. E. B. Myers and A. V. Clarke then staged a burlesque of the idea, the assumption being that members giving the smartest replies would qualify for appointment to the committee to take charge of the programme for the 1926 Rotary Convention to be held here. After fruitless efforts to secure the type of answer desired, the two inquirers threw up their hands and reported to the club that no real talent exists in the membership, therefore they must leave the work of organizing the big convention to President Mayhew "as best he can with the material here." Chief of Police John Fry was welcomed into the club, and Mrs. D. B. McComan, on behalf of the Ladies Musical Club, made an appeal for support in the club's undertaking to bring premier musical artists to Victoria this winter.

MAYOR SEEKS TO INFORM ALL OF WATER DEAL

Regrets Lack of Knowledge of Expropriation Among Citizens Water Bills May Be Accompanied by Official Statement of Situation Detailed statements of the reasons why Mayor Pendray and the City Council expropriated the Goldstream waterworks will probably be inserted in the water bills sent out to Victoria consumers. Mayor Pendray is anxious that the ratepayers of Victoria shall be fully informed of the true position of affairs and the excellent stroke of business he believed the deal to be. "From the many discussions I have had with citizens, I am convinced that the average man cannot be read carefully the excellent statements of the case which have appeared in the local daily newspapers," he said. "Facts that have been fully set out in many articles regarding the acquisition of the Goldstream system have been utterly unknown to many citizens. I am not at all sure that statements accompanying the water bills would be given more attention than they deserve. It is my intention, if I can, to give the other public a visit to the city hall, explaining the people of the true facts of a great bargain should be taken by them." Mayor Pendray also favors the calling of a series of public meetings at the instance of the City Council, but he regrets that, even in the heat of election campaigns, the attendance at such gatherings has been too scanty to be representative of the people as a whole.

BISHOP BREWING WILL BE VISITOR HERE TO-MORROW

Visiting Churches Under His Charge; Conferences Will Be Held Next Week Bishop Willard Brewing of the Reformed Episcopal Church, who is visiting all the churches under his charge, will be in the city to-morrow. Rev. A. de B. Owen, rector of the Reformed Episcopal Church here, and the vicar of the church in Vancouver, have been attending important meetings in Vancouver and further conferences will be held following the arrival of the Bishop in this city. On Sunday next Bishop Brewing will preach both morning and evening at the Reformed Episcopal Church and in the afternoon will pay a visit to the church mission at Happy Valley.

AUSTRALIANS TAKE LEAD OVER CANADA IN TENNIS MATCHES J. O. Anderson Defeats W. Crocker in Second Round of Davis Cup Montreal, Aug. 13.—Australia took the lead in the second round of the Davis Cup tennis tournament with the Davis Cup tennis tournament with the Davis Cup, when J. O. Anderson, captain of the Antipodeans, defeated William F. Crocker, Canadian champion, in the opening singles match played here this afternoon. Anderson won in straight sets, 6-1, 6-3, 6-2. The Canadian was nervous in the first set, but steadied in the second when he made his stand, but his most brilliant play was not equal to the cool, calculated generalship of his more experienced opponent. Rain started to fall at the end of the first match. H. Wright, Canada, took the first set of the second match with Gerald Patterson, Australia, 7-5, after a remarkable rally. Trailing at 5-1, Wright rallied and took six straight games and the set by brilliant tennis. Wright made it two straight sets over Patterson when he continued his brilliant tennis and secured the second set of their match, 6-2. ANDERSON WAS DEADLY Anderson was seldom extended in the match. He played a purely baseline game and relied solely on dead placements to keep the ascendancy. With some ease and grace he played his returns accurately, keeping Crocker continually on the run. The majority of his shots were directed at Crocker's back-hand and when the time came for Anderson to make the necessary point he had a wealth of variety in his stroke. Crocker had the better pace in his stroke but lacked the finish at the critical moments.

PROTESTS MADE The Government's plan is to constitute the commission of men not connected with the coal industry, and that intention yesterday was communicated to the miners' representatives by Colonel Lane-Poole, Parliamentary Secretary of the Mines Department. The Cabinet will hold a meeting, including the president, Herbert Smith and A. J. Cook, the secretary, thereupon declared that if the tribunal was so constituted, they would not participate in the investigation, or participate only under strong protest. The executive of the Miners' Federation will hold a meeting to-day and if it does not hear in the meantime that its views are to be met, it will demand to see Premier Baldwin. The Cabinet will meet to-day and will discuss the attitude of the miners' executive. The miners' leaders were dissatisfied with the proposed terms of reference to the commission and it is understood these have been modified to meet the miners' views. According to some reports, the terms have been so widened that the question of nationalization of the mines must form one of the main considerations of the commission.

M A N CONFESSES HE SMUGGLED ALIENS INTO U. S. Be Put on Craft Chasing Smugglers San Francisco, Aug. 12.—Captain Charles Goff, divisional prohibition officer, has received authority to use two motorboats which were seized by dry forces, to chase rum runners. Captain Goff has also asked Washington officials' permission to mount machine guns on the other fast boat, which will soon be in action. Toronto, Aug. 12.—Commenting on the critical situation, a special dispatch from Ottawa to The Toronto Evening Telegram says: "Not later than next week a definite announcement on the question of a Federal general election is expected. A Cabinet meeting has been summoned for Monday and with the possible exception of Hon. J. B. King, all the Ministers will be here. "In Ottawa, a Cabinet meeting has been called for the morning of Monday. A somewhat abbreviated day was anticipated. Such being the case, a general election would be held during October. The details are recalled by the Ontario Star. A somewhat abbreviated day was anticipated. Such being the case, a general election would be held during October. FARMER LOSES LIFE St. Catharines, Ont., Aug. 12.—Falling thirty feet from the hayrack while unloading hay in his large barn in Grantham Township late yesterday afternoon, George Smith, aged fifty, was fatally injured when he struck his head on the hub of a wagon wheel and afterwards on the concrete floor. Buffalo, N.Y., Aug. 12.—Dry Chief Allan Bartlett, a city detective last night seized a stillbirth, estimated to be worth \$200,000, Harry Neehin and Edward Covel, alleged owners, were arrested.

Wall Street TO-DAY

Last Minute News on Stocks and Financial Affairs

New York, Aug. 13 (By R. P. Clark & Co.)—The action of the specialty group at higher levels featured the day's dealings, and had a favorable influence in sustaining values elsewhere, though at times various parts of the list took on a very tired appearance, and the oils and motors particularly were subjected from time to time to some heavy selling.

The heavy traffic figures were of prime influence early in shaping some sentiment toward the rail group, though the present gasoline market and the remarks credited to President Willy of Willy Overland Company as the outlook for the automobile industry, in which he said it is hardly likely that any amount of new business exists sufficient to increase production to the extent necessary to offset the heavy cuts in prices, pointed out rather plainly that at least two prominent industries are something to think over in the coming quarter.

In the rail department of the list, there in the past two sessions developments have indicated a possible desire to advance shares on the talk that this group is behind the balance of the list one finds in a review of the averages that prominent issues show very high levels when compared with prices of a year ago, and one is confronted with this same situation only in a more pronounced way in other departments of the stock list, and as some of the groups are showing the effects of recent distribution it seems reasonable to believe that the expected reaction may not be far off.

New York, Aug. 13 (By R. P. Clark & Co.)—The Wall Street Journal's stock market edition this afternoon says: No indications of distribution were obvious to-day in the behavior of recent leaders, such as Mack Trucks, American Can and General Electric. These issues continued to advance in record territory, making a powerful impression on the speculative community by the ease with which they absorbed profit-taking on a rising price scale. In large banking interests were using the strength of their stocks to facilitate liquidation elsewhere in the list the process was well concealed.

Rails made excellent response to the latest freight rate statements, showing car loadings above a million mark for the third consecutive week. Prisco common continued its advance, reaching a new high of 107 1/2, reflecting an increase in the dividend. Ontario and Western sold at 2 3/4 on reports that the Central was negotiating for control and was willing to pay from \$40 to \$50 a share for the stock.

Copper shares reflected the strength of the metal, with American Smelters, which reached to 10 3/4. Rails continued to present the greatest uniformity in the market, with B. & O. which advanced 1/4 to 8 3/4. Accumulation in progress in this department of the market, with the present 5 1/2 dividend by a 3 1/2 rate before the end of the year. In the B. & O. is considered attractive because of the expectation it will enter a merger with Reading. In large banking interests were using the strength of their stocks to facilitate liquidation elsewhere in the list the process was well concealed.

Chicago, Aug. 13 (By R. P. Clark & Co.)—Wheat: Active trade with considerable buying in the most impressive buying by milling interests. The latter not only bought the futures but they took cash offerings on track and on elevator. Central was negotiating for control and was willing to pay from \$40 to \$50 a share for the stock.

FIRST WHEAT SHIPPED
Winnipeg, Aug. 12.—A carload of No. 1 northern wheat from a farm near Rosefield, Man., representing what is believed to be the first shipment of the 1925 crop, reached Winnipeg yesterday. The wheat ran sixty-three pounds to the bushel.

No More Chilly Days at School Saanich Promised
Six Saanich schools which for years have given trouble in winter, through lack of heating, will be re-equipped by the School Board at a cost of \$1,949. The Trustees last night awarded the following heating contracts, each to the lowest tenderer:
Pacific Sheet Metal Company wood-burning furnaces at Saanichton and West Saanich, each \$214; coal burning furnace at Craigflower, \$429; Clyde Sheet Metal Works, two coal furnaces at McKenzie Avenue, \$572, and transfer of furnace from Craigflower to Royal Oak, \$151.25; Thacker & Holt, transfer of McKenzie Avenue furnace to Keatings, \$150. The Board had estimated the cost of these improvements at \$1,500, and will draw the extra costs involved from the contingent fund.
Painting and kalsomining was authorized at McKenzie Avenue, North Dairy, Strawberryvale and Tillikum schools, A. R. Nix being given the contracts at an aggregate price of \$106.65.

RESIDENTS IN ARMS AGAINST TRANSFER PLAN IN SAANICH

Old West Road Deputation Urges Trustees to Abandon School Changes

Residents on the Old West Road last night protested strongly to the Saanich School Board against withdrawal of the bus service hitherto transporting their children to Royal Oak School.
H. Thompson, as spokesman for a delegation of nine men and women, protested also against transfer of the majority of the children of the district to Prospect School.
The board was informed that instead of a dozen children being affected, over twenty are concerned by the proposed changes, the parents being agreed that transfer to a two-roomed school would retard progress as compared with the advancement marking past attendance at Royal Oak.
The arguments advanced greatly impressed the board, and withdrawal of the proposal to Royal Oak, with transfer of the pupils concerned to Prospect, was deferred until Chairman Hobbs and Trustee Mrs. Beckett have personally inspected the area concerned.
The delegation included the following: Mrs. Griffin, Mr. and Mrs. W. J. Barker, Mr. and Mrs. H. Thompson, A. Allison, Mr. and Mrs. A. Marconi, Mrs. Phillips.
CORDOVA BAY UNCHANGED
The board decided to abandon the proposed transference of Cordova Bay pupils, now attending Cedar Hill school, to Royal Oak school. Trustee Mrs. Campion reported the Cordova Bay parents as unanimously opposed to transference of their children from Cedar Hill school.

GORDON HEAD CHANGES
Miss Helen Macnaughton was appointed to Royal Oak school to teach primary subjects, in place of Miss I. L. Tucker, who was granted leave of absence for the coming school year, to permit her to take a special course of studies.
TRUSTEES' CONVENTION
The annual convention of the B.C. School Trustees' Association will be held in Victoria on October 34, and when officially given notification the Saanich Board was advised that the annual dues will be \$15. Chairman Hobbs and Trustee Thorpe will be the official Saanich delegates.

SUCCESS CERTAIN, BUT WORK HARD, TOLMIE ADVISES
Conservative Organizer Finds Situation in Canada Gloomy
Hon. S. F. Tolmie, organizer of the Conservative Party throughout Canada, carried his organizing work into Esquimalt last evening. Speaking at the McBride Conservative Club's picnic, he predicted success for the Conservative Party at the next Federal election, but urged Conservatives everywhere to get together to make this result certain.
Dr. Tolmie was enthusiastic about the recent Conservative victory in New Brunswick, and drew from it the conclusion that the Conservative party in the Maritimes, but also would break into Quebec, now solidly Liberal.
Dr. Tolmie sought to prove that the Conservative party's policy of a sky-high tariff was the only thing that could preserve this country. The tariff question had got beyond party politics and now involved the very preservation of Canada, he emphasized.
R. H. Pooley, Provincial Conservative House leader, asked Conservatives of his constituency to get behind the party in the Federal field, and added the prophecy that the Conservative Government would not last until the end of its term.
Reginald Hayward, H. D. Twigg and Joshua Hinchliffe, Victoria members of the Legislature, spoke briefly.

ONE THIN WOMAN GAINED 10 POUNDS IN 20 DAYS
Skinny Men Can Do The Same
All weak men and women. All nervous men and women. All skinny men and women. Can grow stronger, healthier and more vigorous and take on solid needed flesh in 20 days just by taking McCoy's Cod Liver Extract Tablets four times a day—sugar coated and easy to take as candy.
And what a hit these fresh producing tablets have made. One druggist tripled his sales in one week.
Everybody knows that from the livers of the humble codfish comes a first class vitamin that is a wonderful vitalizer, flesh producer and health creator.
Millions of McCoy's Cod Liver Extract Tablets are sold every week and thousands of frail rundown underweight people are being helped. A box of 60 tablets for 40 cents and if any skinny man or woman doesn't gain at least 5 pounds in 20 days—money back. Ask Vancouver Drug Co., MacFarlane Drug Co., Owl Drug Co., or any good druggist anywhere in America.
Be sure and get McCoy's, the original and genuine and don't forget there is nothing on earth so good to make backward, listless, underweight children grow strong and robust. (Adv.)

HUDSON'S BAY EMPLOYEES AT ANNUAL PICNIC
250 Throng Deep Bay Picnic Grounds Yesterday
Two hundred and fifty men, women and children, employees, with their families, of the Hudson's Bay Company department store of this city spent their fourth annual picnic outing at Deep Cove yesterday. About 200 sat down to luncheon at the store, in the spacious dining-room, before tally-ho loads began their trip out along the roads of the Saanich Peninsula to the picnic grounds. It was not until 2:30 in the afternoon that the last motor car pulled away from the main entrance of the store, and there was not a clock left behind the counter, nor an office hand to be found within the building.
During the afternoon a well-arranged programme of sports attracted the attention of those present. A feature of the sports, being both of a field, track and aquatic nature, was their variety. The races, the trophies won, were encouragement in themselves.
Half a dozen huge passenger carrying cars, with from twelve to twenty persons in them, loaded with their lunch hampers, took the road early in the afternoon and did not return until late last night. For following the tennis, baseball, sports, swimming and the great spread of supper, the Hudson's Bay Company orchestra began to play, and couples streamed out on the open air pavilion dance floor to enjoy an evening of social gaiety.
STRONG COMPETITION
In the sporting events of the afternoon many seriously and well-contested events were run and the contestants were keen and game to the last. The tug-of-war, especially in the men's 100 yards, won by R. Addie, was there strenuous competition. The heats were as fast as the final.
The swimming races were good and attracted a great amount of attention.
In the tug-of-war, which is always a great feature of such a programme of sports, tremendous enthusiasm was manifested. Cheering crowds watched the men strain on the stout hawsers, supplied from the city police force's equipment, and cheered the Hibbard team to victory in two out of three pulls.
R. Addie was probably the best all-round athlete of the day's sports, and it was to him that C. V. Sale's great silver cup was presented, being high man in the aggregate scores. Mr. Sale is the newly chosen governor of the Hudson's Bay Company.
The results of the day's competitions are as follows:
Judges of the sports events were Messrs. J. S. Horne and W. T. Edgecombe; G. Hibberd and starter and announcer, clerk of the course, R. Eaton, and the grounds committee, Messrs. Buckner, Stark, Watson and G. Hibberd and W. Woodley.
Donors of prizes for the winners of the various events were Messrs. Spib, Stewart, Spritt, Nicholls, Herb, Martin, Oliver, Davidson, McBain, Hunter, Leggo, Davidson, Hibberd, Gordon, Edgecombe, Florence, Wilkinson, Mowry, Shrimpton, Messrs. Eaton, Dunn, Stark, Shrimpton, Nicholls, Cassidy and the Misses Bowden, Hunter, Earnshaw, Kempston, MacKenzie and Butler.

TRUSTEES INSIST ON RIGHT TO NAME SCHOOLS NURSE
Saanich Board Claims Salary Provision Warrants Control
Appointment of a schools nurse in Saanich, to carry on health work in the schools irrespective of the upshot of reorganization discussions affecting the War Memorial Health Centre, and the withdrawal of the Victoria Order from Saanich, was last night debated by the Saanich School Board.
Trustee Mrs. Campion favored re-appointment of Miss M. Griffin, believing that the schools nursing service should be entirely divorced from Health Centre operations. Trustee J. Holland agreed as to this policy of separation, but Trustee S. J. Holland advised delay in making an appointment, until the reorganization of Health Centre affairs is completed.
Trustee H. P. Thorpe considered action by the Board to appoint a nurse would bring the divergence between the Health Centre administration and the Board to a head. "Are we compelled to accept anyone put in office by the Health Centre or the Provincial Health Service?" he asked.
WHAT BODY DIRECTS?
Trustee Holland deprecated any suggestion of lack of authority by the Board to make its own appointment, but reiterated his plea for delay.
Trustee Mrs. Campion remarked "Miss Griffin hitherto has been our nurse; we pay her \$125 each month; yet we have had no direction of her work or authority over her. It has been a most complicated situation."
Trustee Thorpe pointed out: "The Health Centre will carry on; normally they will set aside a nurse for schools work. Are we to break in on that and have our own nurse? If so the salary must be enough for our nurse to live away from the Centre and we should also remember that a car is necessary. I think we shall not gain by such a departure."
The Trustees were assured that pending a vote by the ratepayers, any nursing appointments made by the reorganized Health Centre would be temporary. Trustees unanimously protested reports of antagonism against the Health Centre, asserting the Board's desire being solely to acquire control and direction of the schools nurse. This the Trustees believed should rest with the authority providing the salary. Discussion was then deferred until next Tuesday evening at 7:30 o'clock.
